

Mexican Senators Now Consider Madero Defeated

Visit Palace To Ask President To Resign But Are Unable To Find Chief Executive Of Republic--Resignation Is Only Method Through Which War Will Be Brought To An End

BIG FOUR MILL AT MANHATTAN WILL BE STARTED, ACCORDING TO PRESENT PLANS ON FEBRUARY 25

Special to the Bonanza

MANHATTAN, Feb. 15.—While nothing of an extraordinary nature in the way of new discoveries has occurred in the camp during the past week or two, general mining activities are in a healthy condition, warranting a satisfied view of the present and the immediate future. Practically all of the mines are showing steady progress, and there are indications that the list of regular producers will soon be added to the result of preliminary work that is now under way.

Work naturally will center around the operations of the Big Four and the time when the new mill shall begin dropping its stamps is a matter of course. It is true that the date first anticipated for this event has come and passed, but the work of preparation has been steadily advancing and would doubtless have been rushed to completion before this if it had not recently become apparent that there would be a delay in arrival of the largest of the special mill-service motors, which have now been shipped separate from full carloads of other equipment which were rushed through in record time. With practically everything else in place or on the ground, the construction force was reduced by the contractors, for it would have been impossible to keep them all busy until the last of the motors finally arrived. All of the machinery except the motors has been in place nearly two weeks, and the finishing touches to the mill have been proceeding with a reduced force of men. The motors already here are being set and wired up, and it is now confidently believed that the mill can be turned over not later than February 25.

There is practically no change in conditions underground, where preparations to meet the demands of the mill for ore have been the principal object aimed at for some time, in advancing the development work, filling old stopes with broken ore that can be readily drawn upon, and making various connections in advance the general working conditions of the mine under the more vigorous system which will be inaugurated with the first running of the machinery in the mill.

A raise is now being put up from the 100-foot level to connect with the old incline shaft about 200 feet west of the main shaft, and this is going up in a nice body of ore that has shown large average values. The Joker tunnel has been continued through the old lease stope which it penetrated near the shaft about 20 feet above the 200-foot level, over two weeks ago, and has been driven

KELLIHER WANTS AUTO HIGHWAY TO RUN THROUGH NYE

DESIRES TO SECURE SENTIMENT OF PEOPLE OF THIS SECTION ON QUESTION

Assemblyman Kelliher of Tonopah has requested the Bonanza to call a meeting in this city for the purpose of securing an idea of the sentiment of the people of this district regarding the construction of a highway across the county. Kelliher declares he has been in communication with Senator Newlands and also Senator Bourne and is securing complete details regarding road construction.

The legislator is of the opinion that an auto truck, scraper, crude oiler, concrete mixer, roller and gravel loader are the proper things to be purchased in furthering the road construction idea, and says that the machinery can be operated by the power from the auto truck.

From the sentiment already expressed in this county it would appear useless to call a meeting to discuss the subject, for no person can be found who is opposed to the movement.

For quick results try the want ad columns of the Bonanza.

Honest Manufacturers Welcome Your Investigation

When you read the advertisements about some well known product you often find that it contains the announcement, "our factories are open for inspection."

The manufacturers who make such statements are absolutely sure of the quality of their goods and the conditions under which they are made. They know their methods will stand the most careful inspection.

Every advertisement you read in THE BONANZA is the expression of a merchant or manufacturer whose merchandise and methods are honest. Satisfy yourself by going to the stores and seeing that every value is as represented—it may be even better.

Keep in touch with the news of these stores by reading the advertisement columns of the Bonanza.

clear to the shaft through an intervening block of ground. A new station, provided with electric lights, has been established here, and it will prove of great convenience in handling ore that may be produced from territory through which the Joker tunnel has passed. A raise is now being put up on ore encountered in the tunnel about 100 feet from the shaft, and other development will be inaugurated from the tunnel level.

It is reported unofficially that S. H. Brady and his eastern associates have purchased the interest of Walter C. Lamb in the lease on the south half of the Union No. 9 of the Manhattan Dexter, and also in the lease on the Jumping Jack, but the terms of the deal are not made public. Both of these leases were formerly held by Lamb, but since the Brady interests became identified with them, they have been operated under the direction of Brady.

Large shipments of ore have been continued during the week from the Union No. 9 to the Manhattan Milling & Ore company's plant, which is owned by the Brady syndicate. Development and production are being continued in the mine, but no new important disclosures of ore have been made. Other ore bodies are being sought by the development now under way, and good returns should be secured at the proper time, when this work has advanced to the objective points where ore is confidently expected.

HUGE ELECTRIC SIGN ANNOUNCES ELKS EXISTENCE

LETTERS "B. P. O. E." PLACED IN POSITION IN FRONT OF THE ELKS HOME

The huge electric sign ordered by the Tonopah lodge of Elks some time ago has been placed in position in front of the Elks home and hereafter will announce after nightfall the existence of a lodge of "Bills" in this camp. The sign consists of the lettering of "B. P. O. E." and when illuminated after nightfall will prove a handsome decoration for upper Main street.

Tonopah is being constantly visited by members of different Elks lodges and many are unaware of the existence of a lodge or club room in this city. The sign will serve to convey this information and the visiting members will be afforded an opportunity to spend their spare time in the comfortable club rooms of the local order.

SAN FRANCISCO ATTORNEY LOCATES IN THIS CITY

J. H. Evans, a San Francisco attorney, arrived from the coast yesterday and is now associated with Hugh H. Brown of this city. Evans is a graduate of the Washington, D. C., college of law and for several years has been associated with Charles A. Wheeler in San Francisco. Wheeler enjoys one of the largest clienteles in San Francisco and is one of the leading members of the California bar. The increase in legal business made it necessary for Brown to secure assistance and the association with Evans resulted.

SUNKEN STEAMER MOORED AT DOCK WITH BOTTOM UP

(By Associated Press) SAN FRANCISCO, Feb. 15.—The steamer H. J. Corcoran, which was sunk by the Seminole in a collision on the bay, is now moored at her dock, bottom up. What became of the \$100,000 in gold in the safe is still unknown. The loss of the two steamers is \$300,000.

CASTRO GAINS FREEDOM THROUGH HABEAS CORPUS

(By Associated Press) NEW YORK, Feb. 15.—Cipriano Castro is now free to come and go at will. District Judge Ward granted the writ of habeas corpus on his behalf, overruling the immigration authorities.

MEMORY OF LATE VICE PRESIDENT IS HONORED

(By Associated Press) WASHINGTON, Feb. 15.—The memory of the late Vice President Sherman was honored today by memorial services in the senate chamber at the capital. President Taft and many prominent officials were present.

DISTRICT ATTORNEY J. A. SANDERS departed this morning for Reno where he is summoned to attend to legal business. He contemplates returning to Tonopah in the morning.

MISSILES HUMAN TARGET

W. G. COOK COMPLAINS HE WAS TARGET AT SILVER BOW FOR C. M. GIRTON

Silver Bow was the scene of a war yesterday during which a half dozen shots were fired, according to W. G. Cook, who came in from that district last night. Cook, according to his version of the affair, was the target for the shots, which fortunately, went wide of the mark. His assailant was C. M. Gorton and this morning Justice of the Peace Harry Dunseath issued a warrant for the arrest of Gorton on a charge of assault with intent to kill.

The two men had trouble was substantiated by the appearance of Cook. He had a badly lacerated scalp while his face also shows a bruise. He declared today that he was struck over the head with a shovel in the hands of Gorton. Another blow landed square on the neck and he was knocked senseless for a few minutes. The trouble occurred in a tunnel in which Cook was working, and when he regained his senses after the first onslaught he started to make his way to the mouth of the workings. It was at this period, he declares, that Gorton opened fire.

The cause of the trouble is the ownership upon which the mine dump is located. Gorton claims this ground while the Silver Bow Belle Mining company owns the property upon which the tunnel is located. The two men recently aired a dispute over the ownership of a log cabin, in the justice court here but Judge Dunseath dismissed the case and warned the two men to settle their differences through civil process and not at the expense of the county.

Sheriff Malley left for Silver Bow today where he will serve the warrant and bring Gorton to this city. Until the arrival of Gorton it will be impossible to secure his side of the controversy.

CASEY STARTS TO BUILD HOTEL AT ROCHESTER

PIONEER HOTEL MAN OF TONOPAH WILL HAVE BUSINESS IN THE NEW CAMP

Southern Nevada pioneers will be interested in the information concerning the erection of a hotel at Rochester by Casey McDaniel. McDaniel, during the early days of Tonopah, was a member of the famous firm of Casey and Arden. The firm opened the old Merchants' hotel in this camp and later branched out and operated hostleries at Goldfield and Beatty. Concerning the latest move of Casey the Rochester Miner has the following:

"Casey McDaniel has been in camp for the greater part of the week. With his return work was begun grading the lot in the upper townsite upon which the Hotel Casey is to be erected. Casey can be seen hard at work bossing the men engaged in grading and oftentimes digging in with pick and shovel himself. As soon as the lumber arrives the carpenters will be put to work.

The present plans are for the erection of a two-story building 50x40, with sleeping accommodations for 50 people. As additional space is required the building will be extended. Casey asserts positively that the cafe will be opened and ready for business the latter part of the week.

TWO COMPANIES MILITIA ON DUTY AT CHARLESTON

(By Associated Press) CHARLESTON, W. Va., Feb. 15.—With two companies of militia on duty in the capital city and 500 soldiers scattered in local fields, Governor Glascock believes he has the strike situation well in hand. No disturbance was reported today.

MEMORY OF LATE VICE PRESIDENT IS HONORED

(By Associated Press) WASHINGTON, Feb. 15.—The memory of the late Vice President Sherman was honored today by memorial services in the senate chamber at the capital. President Taft and many prominent officials were present.

DISTRICT ATTORNEY J. A. SANDERS departed this morning for Reno where he is summoned to attend to legal business. He contemplates returning to Tonopah in the morning.

LOCAL FIRM GIVEN CONTRACT TO BUILD COMMONWEALTH MILL

Campbell and Kelly, the Tonopah foundry firm, were awarded the contract today for the construction and installation of the machinery at the Commonwealth mine and mill in Arizona. The Commonwealth is owned and operated by the Knox interests that control the Montana Tonopah, and is recognized as one of the leading properties in the southwest. Bids for the work of constructing the buildings and installing the machinery were asked for several months ago, at which time the local firm submitted their figures.

The work to be carried out will be performed by Campbell & Kelly at a cost of about \$18,000 and includes the labor specified. The splendid work accomplished by the firm in the construction of the Belmont mill served to a good advantage when the reliability of the constructors was considered by the Commonwealth officials in awarding the recent contract.

THREE WAGONS WILL BE USED IN CLEANING CITY

TONS OF RUBBISH ARE BEING HAULED AWAY AS RESULT OF CLEANING DAY

So general was the response to the suggestion of Chief of Police Evans that the people of Tonopah observe Friday and today as days for the cleaning of their premises, that on Sunday and Monday three wagons will be used in carting away the accumulated rubbish. Two wagons, already engaged in that business, have found it impossible to cart away the garbage collected, and in order to expedite the work Evans has arranged for an additional vehicle, as he is desirous of making Tonopah a spotless city, both in reputation and in appearance.

Two inebriates, arrested last night following a fire in the cabin they occupied, were placed at work on the garbage wagons this morning. The men, while indulging in a drunken celebration, managed to set fire to the bed in the cabin. A few days' work on the street will serve to reduce them to a state of sobriety and at the same time assist Tonopah in cleaning up the streets.

Chief Evans requests that all persons who have been missed by the garbage wagons to notify him without delay and the rubbish will be removed.

JURY ACQUITS MIKE FAGAN IN DISTRICT COURT

CHARGE OF SELLING WHISKY TO INDIAN IS NOT SUBSTANTIATED BY EVIDENCE

"Not guilty" was the verdict handed into court last evening by John C. Martin, foreman of the jury in the case of the State vs. Mike Fagan, accused of selling liquor to Jimmy Darragh, a half breed at Round Mountain.

The verdict was forthcoming after a deliberation of less than 15 minutes and the jurors expressed themselves pretty freely regarding the case which caused them to be locked up for the previous night and detained there two days from their business affairs. In their judgment the state failed to make a case.

The witnesses for the state were contemptuous and disposed to split hairs in testifying, while on the other hand the witnesses for Fagan were clear, concise and direct in their answers to every question.

The defendant injected an element of unconscious humor into the proceedings during the afternoon when he attempted to explain a purchase of several cases of whiskey and other liquors which he carried in a warehouse.

"You see, it was this way," Fagan said. "I am a man who cannot resist the temptation of taking a drink with the boys when I go down town and the result is that I often take too much booze and have to be carried home. I wanted to cure myself of drinking and thought if I kept it in my cabin I could take a nip whenever I pleased and not have to drink to excess."

The excuse was accepted by court and jurors with a laugh as a new jape cure.

GREEK FLAG IS HOISTED OVER ISLAND OF CRETE

(By Associated Press) ATHENS, Feb. 15.—The island of Crete was finally evacuated today by the protecting powers of Great Britain, Russia, France and Italy and the Greek flag was hoisted.

WOLGAST STARTS TRAINING FOR HARLEM TOM MURPHY

(By Associated Press) SAN FRANCISCO, Feb. 15.—With five pounds to eliminate in weight before Washington's birthday, Ad Wolgast began training today for his bout with Harlem Tommy Murphy.

REBEL FORCES GATHER MOVEMENT STARTS TOWARD JUAREZ FIGHTING CONTINUES THROUGHOUT NIGHT

CITY OF MEXICO, Feb. 15.—A series of sharp engagements occurred at various points during the forenoon. A large force of rebels under General De Lao is encamped near the city ready to obey the orders of Diaz.

After an executive session the majority of the senators went to the palace to demand the resignation of Madero.

The senators failed to find Madero. From carriages they informed people that they considered Madero defeated and declared that intervention was inevitable and that Taft would send in troops.

Taft Reiterates Stand WASHINGTON, Feb. 15.—At the White House President Taft today stated the position of the United States in regard to intervention was unchanged.

Battle Wages All Night CITY OF MEXICO, Feb. 15.—The rebel guns in the arsenal were in sporadic action the greater part of the night and occasionally developing a galling fire, which provoked a vigorous reply from the federal artillery. A heavy bombardment began in total darkness shortly after 3 o'clock this morning. At daybreak the hostile forces faced each other with positions practically unchanged. The exodus of the population continued. The offices of the newspaper Impartial were commandeered by the federals for the use of their operations.

Movement at Juarez EL PASO, Feb. 15.—A general movement of the rebel force toward Juarez was begun today. Of the 1000 government troops at Juarez, nearly half are irregulars, who fought for Madero, and have since been loyal. Colonel Escarte, the volunteer commander, declared today: "We will quit if Madero does."

Colonel Valquez, the regular, who insists he is in command, is said to favor Diaz.

MRS. GRACE MOORE IS HOSTESS AT MUSICALE

A delightful musicale was given yesterday by Mrs. Grace R. Moore at the residence of Mrs. Hugh Brown, the occasion being the birthday of the hostess and as a compliment also to Miss Ruth Goodman, who is at present visiting Mrs. Brown.

The ladies who took part in the program were Mrs. P. E. Keeler, Mrs. Arthur Lawrey, Miss Lewin, Miss Hazel Perry, Mrs. W. M. Hunter and Mrs. Brown.

The absence, on account of illness, of Mrs. Eugene Howell and Mrs. Tom Kendall, who were to have assisted in adding to the musical enjoyment of the occasion, was deeply regretted.

NEW YORK MAIL CLERKS MIX UP TWO ROCHESTERS

"The Rochester fever has hit the United States mail clerks at the New York postoffice, says the Rochester Miner.

A couple of days ago a magazine, bearing English postage and addressed to Rev. Burns of Rochester, N. Y., was delivered here at the temporary postoffice in the Frank Baker and company store.

The name of the state was plainly written, yet so wide was our fame spread and so intense is popular interest in anything that concerns our burg, apparently, that on seeing the name of Rochester on the wrapper, this clerk could think of nothing else than the big bonanza camp in the Humboldt range.

This is surely going some for a town that little more than a month ago was hardly known outside the confines of the Humboldt range.

And Rochester, N. Y., according to the last census, had a population of over 116,000.

Oh, you Rochester!

MISS ETHEL ROOSEVELT WILL WED A PHYSICIAN

NEW YORK, Feb. 15.—Colonel and Mrs. Theodore Roosevelt made known yesterday the engagement of their second daughter, Ethel Carow Roosevelt, to Dr. Richard Derby, son of the late Richard H. Derby of New York. The Times says this morning. Formal announcement of the engagement, it was said, would be made within a few days.

TRAINMEN REJECT ARBITRATION PLAN

(By Associated Press) NEW YORK, Feb. 15.—The officers of the Brotherhood of Locomotive Firemen and Engineers voted unanimously today to reject the plan for arbitration submitted last night by 54 eastern railroads.

FAMOUS TRAINER DIES

CAMBRIDGE, Mass., Feb. 15.—William Flynn, who has trained hundreds of Harvard athletes for field events and hurdling, died today after a long illness.

BATTLESHIP DISABLED

WASHINGTON, Feb. 15.—The dreadnought Arkansas, which ran on a coral head near Ceiba reef, near Caimanero, Cuba, yesterday, has proceeded to the Guantanamo naval station. Early reports to the navy department say the ship's injuries are comparatively insignificant.

For quick results try the want ad columns of the Bonanza.

tions. The incessant bombardment is construed as indicating that Madero has not decided to resign. Francisco De La Barra, former provisional president, and General Angeles of the federal force went to the palace today and conferred with Madero regarding the armistice. Madero proposed that a commission of both parties plan the solution of the situation. De La Barra then visited Diaz and urged an armistice, in view of the imminence of foreign intervention. Diaz replied he would not enter peace negotiations until Madero, the vice president and cabinet, had resigned.

After a special meeting of the senate Foreign Minister Lascurain said the resignation of Madero was by no means certain. He hoped to avoid further bloodshed, but it seemed impossible.

ORE SHIPMENTS NEARING QUARTER MILLION MARK

TONNAGE FOR THE PAST WEEK AGAIN EXCEEDS THE 11,000 TON RECORD

Over 11,000 tons of ore were shipped during the past week by the various Tonopah mining companies, the exact tonnage totalling 11,297 tons as compared to 11,071 for the previous week. The estimated value of the shipments, as based upon the actual gross milling values of the ore, reached \$237,110, as compared to \$231,550, the value of the previous week's shipments.

The shipments were made from the following companies:

The Tonopah Mining company sent to the mill 3450 tons, the Belmont 3293 tons, the Montana Tonopah 972 tons, the Tonopah Extension 1120 tons, the West End 1019 tons, the MacNamara 532 tons, the Jim Butler 590 tons, the Tonopah Merger 229 tons and the Midway 100 tons.

ARRESTED ON TRAIN FOR BEATING BOARD BILL

J. C. Peck, sergeant of the police department, left this morning for Hazen where he will secure Sam Popora, a late Tonopah resident, and return him to this city to face a charge of beating a board bill. Popora was arrested at Hazen yesterday by Constable Sharkey of that place. He was aboard the north bound train and was taken into custody on telegraphic instructions. The complaint was secured by the proprietors of the Richelleu cafe.

Dr. McLeod stated this morning upon his return that Stewart suffered from hemorrhages during the trip, but only one was severe. The patient's pulse had declined to 112 at the time Reno was reached, although during the morning when the trip was first started the pulse registered 144. Stewart was somewhat weakened but his condition was pronounced somewhat better.

Mrs. Stewart, who was in San Francisco, met her husband at Truckee last evening, having been notified of the illness by wire. She continued on to the coast, where Stewart arrived this morning and was taken to a hospital for treatment at the hands of specialists.

CHRISTIAN SCIENCE SOCIETY Services Sunday morning at 11 a. m. Subject, "Soul." The public is cordially invited. Church at corner of Florence and Cross avenues. No Sunday school until further notice.

CATHOLIC CHURCH

A priest is expected here this evening by way of Goldfield, or tomorrow morning by way of Reno, from Salt Lake. The time of masses will be announced by the church bells ringing half an hour before.

FATHER FLYNN.

ST. MARK'S CHURCH

There will be no Sunday school services at the church tomorrow. Regular services will be held both morning and evening.

TEMPERATURE REPORT

Highest temperature yesterday, 57; a year ago, 43; lowest last night, 32; a year ago, 27.

EQUAL FRANCHISE SOCIETY

Equal Franchise society meeting Tuesday at 2:15 o'clock, Mirpah hotel parlors.
